Job Category: Student / Field Geologist

Employment Type: Contract (Summer 2022, 3 months)

Location: Northwestern Ontario

Application Deadline: April 10th 2022

First Mining Gold Corp. (First Mining) is guided by its values of safety, integrity, responsibility and collaboration. We develop and operate our projects safely, reliably and with care for our impact on the environment. With our presence in Ontario, Newfoundland and Québec, our people play an active role in building strong communities.

We are proud of how our hard work and commitment to sustainability sets us apart and benefits society and communities where we operate, every day. We are looking for a new team member(s) who shares our values and is ready to take on exciting challenges.

The Opportunity

We are seeking to hire a contract Student / Field Geologist(s) who will help support exploration and development study activities for First Mining and its various subsidiaries. Reporting to and working closely with the Geology team, the Student / Field Geologist will be integral in field data collection related to geoscience advancement for the company and its projects.

What you will do

As the Student / Field Geologist, your primary duties and responsibilities will be as follows:

- Assisting with field mapping, geophysical ground truthing, prospecting and sediment sampling.
  - Field navigation and traversing.
  - Data collection, rock grab sampling, channel sampling, rock observation descriptions and structural measurements.
  - Use of mobile field data collection methodologies
  - Safe field practices in remote areas and working around boats, ATV’s and helicopters.
- Assisting with measuring, logging, photography, and geotechnical logging of drill core
- Moving and assisting geologic team in moving/handling core boxes and field samples
- Geologic data entry and compilation activities
- Other duties as required
Preferred Qualifications and Education

- Currently enrolled or have completed a B.Sc. program in; geology, earth sciences, or geological sciences.
- Prior experience working on Archean Greenstone hosted gold projects is considered an asset.
- Ability to work independently as well as collaboratively in a multi-disciplinary, cross-cultural team.
- Excellent oral and written English communication skills and a strong attention to detail.
- Work safely and contribute to safe practices of the First Mining Gold team.
- Willingness to travel (FIFO) and work within remote site settings as this position’s rotation will be determined by core seasonal activities.
- Comfortable working in a dynamic work environment with a willingness to work outdoors and able to operate vehicles, at our operations, in various weather conditions and terrain
- Must be legally entitled to work in Canada.

About First Mining Gold Corp.

First Mining is a Canadian gold developer focused on the development and permitting of the Springpole Gold Project in northwestern Ontario. Springpole is one of the largest undeveloped gold projects in Canada. The results of a positive Pre-Feasibility Study for the Springpole Gold Project were announced by First Mining in January 2021, and the environmental assessment process for the project is on-going. The Company also holds a large equity position in Treasury Metals Inc. who are advancing the Goliath-Goldlund gold projects in Ontario towards construction. First Mining’s portfolio of gold projects in eastern Canada also includes the Pickle Crow (being advanced in partnership with Auteco Minerals Ltd.), Cameron, Hope Brook, Duparquet, Duquesne and Pitt gold projects.

First Mining was created in 2015 by Mr. Keith Neumeyer, founding President and CEO of First Majestic Silver Corp.
