

FIRST MINING GOLD

Job Category: Geotech and Exploration Assistant

Employment Type: Term Contract (6-7 months), Rotational

Location: Red Lake Mining Region / Springpole Project, NW Ontario

First Mining Gold Corp. (First Mining) is guided by its values of safety, integrity, responsibility and collaboration. We develop and operate our projects safely, reliably and with care for our impact on the environment. With our presence in Ontario and Québec, our people play an active role in building strong communities.

We are proud of how our hard work and commitment to sustainability sets us apart and benefits society communities where we operate, every day. We are looking for a new team member who shares our values and is ready to take on exciting challenges.

The Opportunity

We are seeking to hire a contract Geotechnician/Exploration assistant who will help support exploration, development, and environmental study activities for First Mining Gold at its exploration project. This role will be based in a dynamic team setting, reporting to, and working closely with the Geology team, you will be integral in the daily support of site activities focused around the winter work programs which will offer development and training opportunities related to exploration programs.

What you will do

As Geotechnician / Exploration assistant, your primary duties and responsibilities will be as follows:

- Processing and cutting drill core for exploration programs
- Assisting with measuring, photography, and geotechnical logging of drill core
- Supporting surface exploration activities, such as prospecting, sampling, and other field assistant duties.
- Use of mobile applications for field data collection
- Safe field practices in remote areas and working around snowmobiles, ATV's, and helicopters.
- Moving and assisting geologic team in moving/handling core boxes
- Perform other related work as required; and such other duties and services that would be reasonably expected to be performed by a person employed by a public mineral exploration and development company in a similar position to that of the employee.

Preferred Qualifications and Education

- Ability to work independently as well as collaboratively in a multi-disciplinary, cross-cultural team.

- Proficiency in oral and written English communication and attention to detail.
- Health and Safety focused mindset to work safely and contribute to safe practices of the First Mining Gold team.
- Willingness to travel (FIFO) and work within remote site settings as this position's rotation will be determined by core seasonal activities.
- Comfortable working in a dynamic work environment with a willingness to work outdoors and able to operate vehicles, at our operations, in various weather conditions and terrain
- Must be legally entitled to work in Canada.

About First Mining Gold Corp.

First Mining is a gold developer advancing two of the largest gold projects in Canada, the Springpole Gold Project in northwestern Ontario, where permitting activities are on-going with a final Environmental Impact Statement / Environmental Assessment for the project submitted in November 2024, and the Duparquet Gold Project in Quebec, a PEA-stage development project located on the Destor-Porcupine Fault Zone in the prolific Abitibi region. First Mining also owns a 20% project interest in the Pickle Crow Gold Project in Ontario and large equity interest in Seva Mining Corp.

First Mining was established in 2015 by Mr. Keith Neumeyer, founder and CEO of First Majestic Silver Corp.
